

A scenic view of a fjord in Greenland. In the background, a massive, rugged mountain range with dark, rocky peaks rises above the water. The water is a deep blue, reflecting the sky. In the middle ground, a large cruise ship with a white upper hull and a dark lower hull is sailing towards the left. To the right of the ship, a large, white iceberg floats in the water, with smaller icebergs scattered around it. The sky is a pale blue with some light clouds.
